Eric Dyck
Area Lead Project Manager

A successful project often starts with a good foundation. At KP we utilize a NCAL project engagement team to guide projects and project owners through an intake process designed to ensure a strong project foundation.

Eric will guide us through KP's process, discuss its evolution, highlight its successes, and explain the need for continuous improvement.

David Bonnar
Area Information Officer

Like many other organizations, Kaiser Permanente must find ways to maintain quality, leverage scarce assets like people, knowledge and time while reducing delivery time and expenses.

David will share how KP IT is going to begin the "pooling" of talents, skills, experience and availability of our vast army of project managers and IT business consultants.

**Co-sponsored by the PMI-CCVC Healthcare Forum
and ...**

The **Central California Valley Chapter (CCVC)** in Fresno is your local chapter for the **Project Management Institute (PMI)**. This education event is conducted as an opportunity for local project managers and professionals of all disciplines to network and learn new tools & techniques.
